**THE PARTY'S OVER...**

That is once the Awards Banquet is over in May.

This has been a challenging year competitively and one that will be hard to beat.

Both classes in slides as well color prints went down to the wire and weren't really decided until the March competitions. The top point getters in Color Prints were at one time each separated by only one point. You can't get any "tougher" than that!

We also picked up some new members (competitors) this year too.

Elected as our officers for the next year are:

We wish them "all the Best" during the next club year!

Andy Hoff	President
Bob Willis	Vice President Prints
Tom Lehman	Vice President Slides
Rick Barbush	Vice President Education
Julia Uvick	Treasurer
Maria Ferenbaugh	Secretary

This is the "wrap up" issue so it will include all the final scores of both the Hbg. Camera Club and the April PPIC competition scores as well.

We would like to remind the members that they overwhelmingly voted to continue having the Banquet in May.

We must have "50" reservations in order to secure the Church as our banquet hall. Failing that, we won't have the banquet at all!

You will be receiving a call for YOUR reservations shortly. Continue supporting the Club by joining us in good food and fellowship on May 22rd. We would like to have all the winners come so they can be honored. We look forward to seeing you.

## " Yugoslavia "

Every year we endeavor to bring you an entertaining program to top off the Club year. This year our program will be brought to you by Lois Byrem, with assistance from her husband, Jerry. They are former prize-winning members of our club, now living in Strasburg. She is still involved in photography, travelogs, and photo essays as well as conducting travel tours. Lois is currently the treasurer and editor of the PA. Chapter of "Palatines to America" - a German geneological organization.

Lois recently travelled for six weeks in Belgium, Germany, England, Scotland, and Iceland. The highlight of that trip was the Battle of the Bulge Institute. Jerry had a reunion with some of his WW II buddies that had fought in that battle..

Seeking her family roots prompted their 1977 trip to Yugoslavia and Germany. The program you will see tonight is a glimpse of that trip. They travelled in the northern province of Slovenia and the Adriatic coast for two weeks by car. Lois' personal insight to the towns, people, customs, and her own heritage will leave you wondering and longing to know more about hers and your heritage. With her early traning in music, she has skillfully blended sight and sound into a harmonious mixture.

Come and enjoy **Yugoslavia** on May 22, 1990.
